

AC010-20 Wireless Battery Powered Household Remote Monitoring Camera

Securefast AC010-20 wireless battery powered camera for home security, with two way voice communication and high definition picture.

No wires, no installation fee and you can place it anywhere, anytime, either inside or outside. Simply connect to your 2.4G Wi-Fi and you're ready to go. With built in PIR the unit will activate whenever there is movement, which you can see instantly on your mobile phone. Recording can be made on to a MicroSD card or straight onto your phone. There is no need for costly cloud services as a 16G SD card will loop record for up to four days, a 32GB up to seven days and a 64GB for up to 12 days with batteries only need a short charge every 6 months on standby.

The camera offers HD quality night vision with two way voice communication.
