- 130° Angle of view
- Unit weight:140g

***Securefast AC080-20 wireless battery powered home security camera, with two way voice communication and high definition picture.***

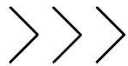

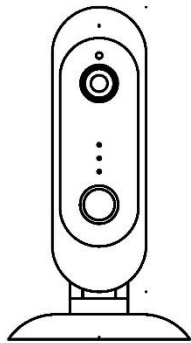

No wires, no installation fee and you can place it anywhere anytime. Simply connect to your 2.4G Wi-Fi and you're ready to go. With built in PIR the unit will activate whenever there is movement, which you can see instantly on your mobile phone. Recording can be made on to a MicroSD card or straight onto your phone. There is no need for costly cloud services and the batteries only need a short charge every 6 months on standby.

The camera offers HD quality video with 6 LEDs and 10 metres of night vision.
