

AKT4041 Securefast No-Touch Access Control Kit

AKT4041 Proximity Kit

Contains;

- 12v DC 1A Power Supply
- APX18 Proximity Reader
 - 10 Fobs
 - Slimline Magnet
- No Touch Exit Button
- Emergency Call Point

Securefast No-Touch Access Control Kit is designed for areas where hygiene is of the highest importance. With the use of a fob or card and by simply waving you hand in front of the request to exit button there is no requirement to touch any of the devices.

Designed for easy installation by electricians with minimal electronic installation experience the kit is supplied with everything apart from the cable.

Supplied with proximity reader and 10 fobs in addition to the electromagnetic lock , request to exit button and emergency call point.

Securefast Access Control kits are designed for your safety and security with the minimum amount of inconvenience.

The electro-magnetic lock (minimum holding force 500lbs) is suitable for outward opening doors. (The AEMBR089 bracket is available for inward opening doors)
