

AV30 Narrow Style Video Doorbell with Chime

This new addition to the Securefast Home Security Range offers a weatherproof video doorbell linked to the most popular home automation, Smart App Tuya working on 2.4Gz.

The video doorbell comes complete with internal door chime, which plugs into a standard single gang 230V socket. Also supplied are a USB charging cable, two rechargeable 18650 batteries and user manual.

For ease of use you can link your video doorbell, via the Tuya app, to Alexa or Google Assistant with the addition of on board recording when a Micro SD card up to 128Gb is installed.

The alarm notification log and associated images are automatically saved within the application, without a memory card installed. Footage of the live feed can be manually saved direct to your phone's image gallery.

Stock Code	Description
