

## Dorcas Mortice Electric Release with Sashlock Faceplate for UPVC Doors

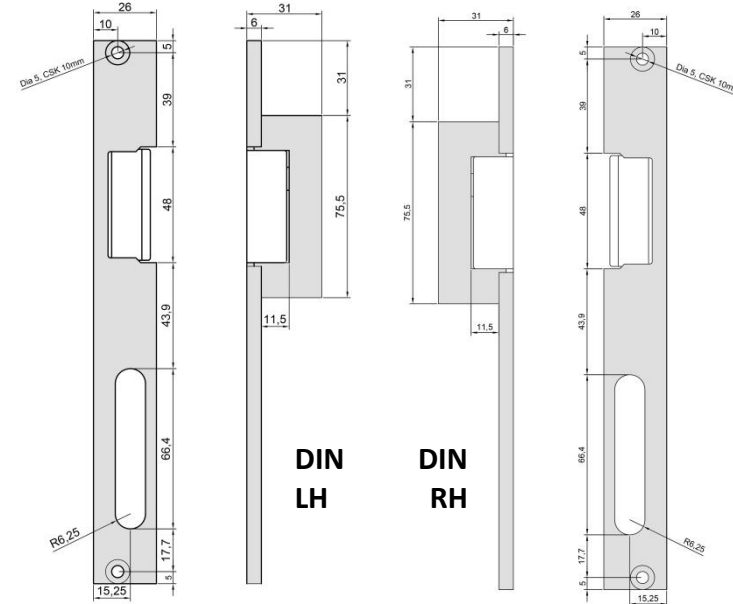

AXK21L8

**A range of mortice sashlock Dorcas electric releases for use with 12V Access Control and Door Entry Systems on UPVC doors.**

Mortice sashlock electric release designed to replace the centre latch and deadbolt keep of locks fitted to UPVC door frame. The unit allows latch bolt to be released electronically.

These releases are suitable for low to medium traffic applications.

**Important:** The lock must have the facility to retract the latch bolt by key with a fixed handle on the outside. If the deadbolt or any multipoint locking is thrown the door will NOT un-lock electronically.

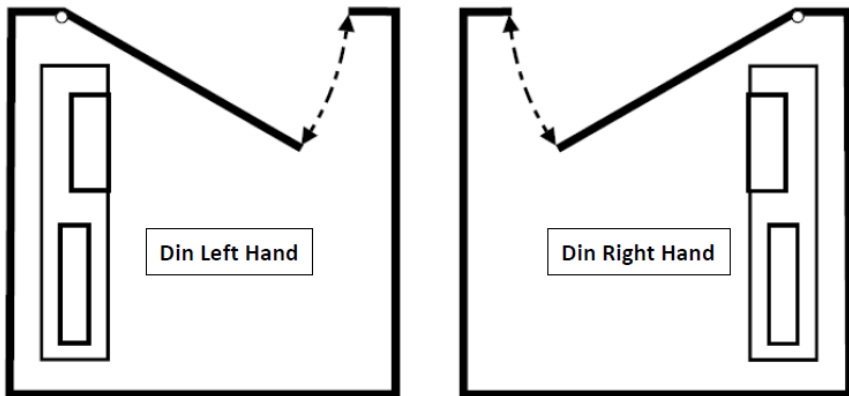

### Features & Benefits

- Fail locked
- Suits latches with 12mm maximum throw
- Jaw strengths up to 880lbf (362kgf/256N)
- Operating voltage 12 AC/DC
- Stainless steel finish
- For use with UPVC doors
- DIN Handed

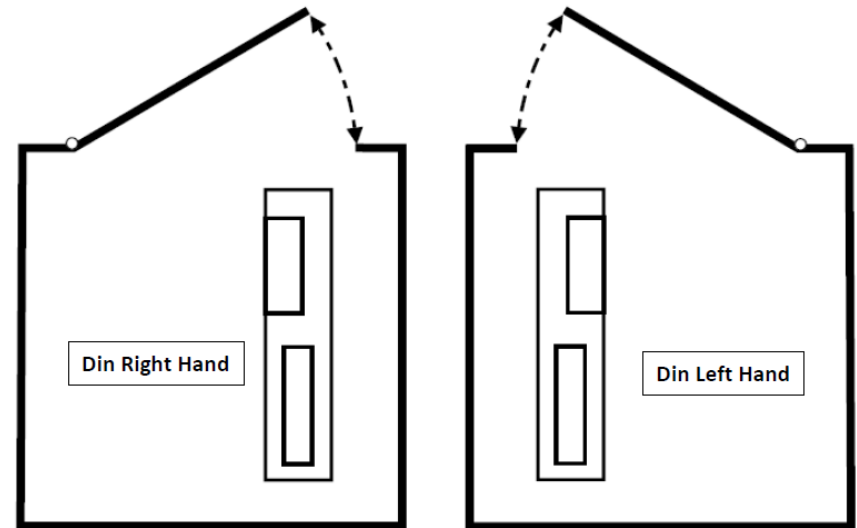

Stock Code	Description	Voltage	Fail Locked/Unlocked
AXK21L8	Mortice Sashlock (DIN Left Hand)	12V AC/DC	Fail Locked
